Find beauty not in the thing itself but in the patterns of shadows, the light, and the darkness, that one thing against the other creates.

INSTANT GRATIFICATION

Photographer: **Michael Moore** @mbmoore
MODEL/MUAH: **Alisse G** @blo.ndebomber

Everybody loves to see their “Polaroids” - it’s a different experience than looking at the back of a camera. I shot these instant pictures on an old Mamiya RZ67, and then shot Alisse looking at her shots on some lovely Portra 800 film, using the same camera.

SOFT VENUS

BOUDOIR

This project was inspired by a painting of Venus from before AD 79, called “Venus rising from the sea”, that is located in the Casa della Venere in conchiglia, Pompeii (Italy). We used pearls because they come from shells, and it’s said Venus was born from a bivalve shell, fertilized by the sea foam. Venus is the Roman goddess of love, beauty, desire, sex, fertility, prosperity and victory. My model, Julia, represents the women in the world, all goddesses in their own right.
